### Erratum

The "Schedule of release dates for BLS statistical series" that appeared on the back cover of the October and November 1990 issues should be corrected as follows: The Employment Cost Index covering the fourth quarter of 1990 will be issued on January 29, 1991, rather than on January 24. The report on Major Collective Bargaining Settlements will also be issued on January 29, 1991, and will present data for 1990, rather than 1989.
